

STYLUS: THE “GREAT MUSIC” DJs SERVING NEW YORK, PHILADELPHIA, THE HUDSON VALLEY AND BEYOND

Music is one element in a wedding that can truly be as unique as you are.

Whether your tastes are mainstream or offbeat, general or specific, Stylus DJs take the time to listen, to ask questions and to make suggestions while curating a custom soundtrack to one of the most important days of your life.

If the musical goal of your event is to reflect your personalities, to please your guests, to make a great dance party, or all of the above, we put the energy and focus into getting the balance right.

With Stylus, you can give as much or as little input as you like into the song selection process. Some clients have a long list of songs in mind already, while others need help and welcome our knowledge and expertise.

In any case, we don't rely on generic set lists or preconceived notions about what wedding music is “supposed” to sound like.

WHAT SETS STYLUS DJs APART?

We are the nation's top **predominantly-female** wedding DJ agency!

Our reliable, professional DJs keep the party flowing with **great music** - no gimmicks, over-the-top hype, earsplitting volume or excessive talking.

We are music lovers with an **amazing library** of music - if we don't already have it, we are happy to buy it.

We are **never cookie cutter** - every set is customized, even with minimal direction from the client.

You can **trust** that we will pay close attention to your Must Plays, Do Not Plays, and openness to guest requests.

Most of our clients are looking for an **alternative to the typical cheesy DJ** - someone who really “gets” them and their musical goal. For example:

- Are you a **serious music lover**? Crate digger, collector, musician, former college radio DJ? Go to concerts, follow Pitchfork lists, listen to independent radio?
- **Detail-oriented**? “Type A,” into organization and spreadsheets? Need vendors who can keep up with you and execute your vision perfectly?
- **Going against the grain**? Relative to family/guest expectations, musically, culturally or otherwise, or consciously accommodating those expectations?
- Want a **low-pressure, low-hype** vibe? Shy or uncomfortable being in the spotlight? Are you or your guests more reserved or not big dancers?
- **Unsure of what you want**? First-time wedding planner? Not a music expert? Looking for guidance? Sure of some things you don't want?

Whatever the situation, our goal is to make the music planning process seamless and stress-free. If these qualities resonate with you, please get in touch. We could be the perfect match!
